

CHROMEBOOK CHECKOUT

All students are expected to bring a Chromebook or personal device to campus each day, fully charged, for use in each class. NHS students can check out Chromebooks from the library for the school year.

Due to limited inventory, only one Chromebook will be checked out to a student. Students who experience issues with their Chromebook or personal device, may come to the library to check out a Chromebook to use while their device is being repaired.

Parents have the option to purchase a \$20 warranty from IUSD to cover accidental damage and theft for a school-issued Chromebook. Each year, parents can purchase the annual warranty to cover potential incidents like cracked screens, missing keyboard keys, damaged plastics, liquid spills, and theft. Funds raised from this program will be used to repair damaged devices, replace devices, and ensure our schools have enough devices to provide access to every student in IUSD.

Chromebook insurance does not cover lost devices or chargers. Lost devices incur a fine of \$225, and lost chargers incur a fine of \$25.

Without insurance, typical repair costs for things like a broken screen or keyboard can range from \$30-\$75 depending on the model. For excessive damage, our Chromebooks have a total replacement cost of \$225. Our goal is to ease parent concerns over damage to devices while in their child's care and continue to support a sustainable take-home program for our schools.

You can sign your student up for Chromebook Insurance at [MySchoolBucks.com](https://myschoolbucks.com). You'll need to create an account and add in your student's information so we can associate the insurance with your child.

Chromebook Care and Use

- Remember to charge your device every night. NHS requires that all students bring their device to school each day.
- Close the lid before moving your Chromebook, and make sure there are no loose items (pencils, pens, etc) on top of the keyboard when you close the lid.
- Keep food and drinks away from your Chromebook.
- Use caution when putting your Chromebook in a backpack. Don't throw or drop your backpack if your Chromebook is in it. Be careful sitting/leaning against your backpack if it has a Chromebook in it.
- Report any damage or if your Chromebook has a problem report it to the NHS Library.
